

VILLA D'ESTE®

Ninfeo's Land

### **Our Kids Club “Ninfeo’s Land”**

The lovely duck Ninfeo is the mascot of Villa d’Este’s kids club “Ninfeo’s Land”, a colorful and dynamic space available to all young guests that will add extra value to every family’s holiday. An experienced and specialized team will welcome your children, offering a wide range of fun, educational, and creative activities. The kids club program focuses on the local area and the history of Villa d’Este, with particular attention to the environment and sustainability.

### **AstroKids**

Inspired by the great scientist and astronomer Galileo Galilei, children will embark on a fascinating journey through space and learn while playing. Together, we will discover the solar system, celestial bodies, eclipses, the motions of the Earth, and the most distant and unexplored planets. We will build spaceships and galactic rockets using recycled materials, learn about stars and constellations, understand how telescopes work, and much more. And after completing the journey around the Sun... all the children will receive an “Aspiring Astronomer” certificate!

### **Color workshop**

Our little aspiring Giotto’s and Michelangelo’s will engage with various techniques of painting, drawing, and mosaic making. They will learn about local crafts through the presence of artisans and try their hand at shaping different materials such as ceramics and cork. By using colors in their various forms, children will unleash their imagination and creativity. The aim of this program is to help children express their emotions and share them with others.

### **Activities in the park**

The 25-acre park of Villa d’Este is the ideal environment for children to play in direct contact with nature, to discover its beauty and learn to respect it. Through soil, bulbs, and seedlings, children will connect with the rhythms of nature, the times of waiting, and the cycle of the seasons. Various themed paths, with dedicated games and workshops, will introduce children to a new approach to fruits and vegetables, aromatic herbs, flowers, and plants, with particular attention to local products and seasonality.

### **Little Scientists**

A journey that will foster creativity and experimentation. Inspired by the great genius Leonardo da Vinci, children will have the opportunity to conduct an experiment or create an object with their own hands.

### **Maxi treasure hunt**

A playtime activity that brings parents and children together to discover the most iconic places of Villa d’Este as well as its lesser-known treasures. At each stage of the treasure hunt, a game will be played and a brief fact about a unique feature of the villa or the surrounding area will be explained. At the end of the treasure hunt, children will receive a sweet surprise!

# KIDS CLUB

Many activities await you at our new kids club "Ninfeo's Land", ensuring an unforgettable stay filled with fun and new friendships!

Ninfeo's Land is located in our Sala Pino and is open daily from 10.00 a.m. to 6.30 p.m., from June 13th to September 1st, for children from 3 years old.

Our Kids Club is a complimentary service for in-house guests.

Lunch may be ordered from our kids menu.
